

DREAMS WORKSHOP

"WORKING WITH DREAMS AND THE LIFE OF THE SPIRIT"

AUGUST 4-6, 2017

The Scriptures are filled with stories about God communicating with people directly in and through our dreams. These "messages from the Divine" always address us at multiple levels simultaneously, in a strange and oddly familiar language of symbols and metaphors - a language we can all learn to understand more fluently with a minimum of effort. Even the most seemingly distressing dreams have valuable and positive things to tell us about our spiritual lives. The language of dreams is universal, and sharing and talking together about our dreams is one of the best, most practical and enjoyable ways of delving more deeply into their healing, health promoting energies. Sharing dreams in the Retreat is always voluntary. Even if you choose not to share a dream, you can learn by projecting on the dreams of others. There will be lecture, question and answer time, and work in small groups. No experience needed. All are welcome.
